Green Tea & Mint

Deep Conditioning

De-shed

Puppy

Hypoallergenic Oatmeal

Whitening

Groomers often find medical and skin conditions that may need to be treated by your vet. Please don't be offended if your groomer should bring it to your attention. A healthy pet is a happy pet.

I release Beaufort dog and all employees from any liability should injury, loss, or other unfortunate circumstances occur while boarding, training, grooming and participating in sponsored programs. In addition, I agree to pay the agreed rate in full prior to any service. Any training practices missed are to be made up at a mutually convenient time, but are not refundable.

By signing this agreement, you verify that your dog has had his/her annual check-up and is current on all shots, including rabies and kennel cough. If your dog does not have current tags, please show proper paperwork. You are also giving Beaufort Dog permission to use your dogs image on our website and promotional material.

We reserve the right to place your dog in "time out." This is helpful when they get overexcited and need a break-just like kids.
